RGLA Welcomes Sharon Burdett as Design Associate

Management Addition: RGLA Solutions Inc. (Chicago, IL) has expanded its design and marketing team to include Sharon Burdett. With over eight years of experience in graphic design, Sharon will be responsible for a wide variety of design services at RGLA.

Sharon has had her work published in several books and periodicals, including the most recent Print Magazine Regional Design Annual. She has also received many academic honors, including a full fellowship from The School of the Art Institute Chicago, from which she graduated with an MFA in 2005.

Prior to joining RGLA, Sharon was the design and production manager for the former US Division of Oilily, a Dutch fashion label. Her experience as an in-house designer gives her a greater understanding of the needs and concerns of RGLA's clients.
